A memorable month

Popular Bankstown residents, Mamma Lena and Dino Gustin, recently enjoyed a December filled with surprises.

On December 11, an invitation from the Premier of NSW Bob Carr, saw them attend the luncheon held to honour the visiting Italian president, Luigi Scalfaro who

was in Australia for a brief visit of five days.

Bob Carr presented Mamma Lena to the president who thanked her for her tireless work for the Italian-Australian community for the past 42 years.

Then on December 24, Dino was advised that he was the winner of the Bass

Hill Plaza Shopping Centre Christmas Hamper promotion.

With great excitement he was handed gifts and vouchers to the value of \$2000.

December 27 was another important milestone for the energetic couple as they celebrated their 58th wedding anniversary.

Thus it was a truly exciting December for this couple who have called Bankstown home since arriving in Australia 42 years ago.

Mamma Lena has been a popular Italian radio announcer on 2CH and 2KY and has received many honours including an MBE from the Queen.

Mamma Lena and Dino Gustin of Bankstown were the winners of the Bass Hill Plaza Shopping Centre Christmas Hamper promotion.
