8th October 1990

Dear Dino and Lena,

Thank you for allowing Martin Wale and myself to visit you both on 24 September for the purpose of selecting several objects for inclusion in the Library's Italian project display in November. At this stage we will probably require the tape recorder c.1950s, the Settegiorni framed poster and the model of the ship, Guglielmo Marconi. I will ring you in the next fortnight to arrange a convenient time for their collection.

I enclose for you with the Library's compliments, three photographs taken at the Italian Historical Society Ball on 18 May. I trust that you, Lena, will treasure them as a record of a memorable night in the joint collecting project's early history. I am sure you will appreciate the photograph of yourself with Alison Crook, the State Librarian and your caro amico, Nicola Cerrone.

I regret that owing to other commitments I am unable to accept your kind invitation to attend the special luncheon at the Apia Club on 16 October.

Con distinti saluti

Jim Andrighetti
