Dear Signora Lena,

RE: "UN SAN REMO IN AUSTRALIA 1991"

We refer to the abovementioned matter and advise that the festival commences at 6.00 pm sharp. We would be grateful if you would be present at the State Theatre by no later than 5.15 pm so that the judging format (which will be given to you on the night) can be explained accordingly by Maestro Tommy Tycho.

Yours faithfully,
THE UNITED ITALIAN ARTISTS

RE: UN SAN REMO IN AUSTRALIA 1991

We refer to the abovementioned matter and hereby outline some information regarding the San Remo Song Festival.

Due to our great success with the 1990 Un San Remo song festival in Australia, later this year the United Italian Artists will once again be presenting, at a suitable venue in Sydney, a concert equal in quality and glamour to Italy's Sanremo song festival.

In 1951 the city of Sanremo, Italy came to life with the first Sanremo. It attracted its biggest stars competing against each other for a noble prize and for the prestigious nomination of becoming the festival's first winner.

Nilla Pizzi was chosen as the winner with her song "Grazie Dei Fiori". She went on to become one of Italy's superstars and the Sanremo song festival became an historical event. Italians all over the world wait with anticipation to hear the new songs and the artists which emerge from this festival.

A meeting was held in Sydney, whereby the United Italian Artists decided that something is needed to stimulate the interests of the Italian community. The answer was Un San Remo in Australia.

The United Italian Artists are a professional group of Sydney based artists who perform at major venues around Australia. It was decided that through our efforts we would once again organise a super song festival of international standard which would expose our talents to the best of our ability.

Special guests to be invited:-

1. New South Wales Premier, The Honourable Nick Greiner;
2. The Honourable Franca Arena;

P.O Box 290, Croydon Park, Sydney NSW 2133

3. Italian Consul General;
4. Mr Paul Zammit MP;
5. Mr Brian Jones - Managing Director SBS;
6. Mr Antonio Bamonte - Managing Director Via Tour Travel; and
7. All sponsors, media, Italian radio programs and newspapers.

The artists will be accompanied by an 8-12 piece orchestra with special lighting effects controlled by a 6 man crew.

The advertising program for this campaign will consist of newspaper advertisements ie: La Fiamma, Il Globo and local papers. Radio advertising ie: 2EA radio, Musica Giovane and Incontro Italiano.

Posters will be distributed throughout the suburbs of Sydney, pamphlets will be handed out in clubs, shopping centres etc. Billboards will be utilised within the foyers of venues to promote the Festival.

We propose utilising a moving neon sign which will be displayed above the stage on the evening of the Grand Finale. Some of the messages to be displayed on the sign will be Un San Remo in Australia followed by names of all sponsors. We will be inviting SBS television to cover the evening.

Estimated crowd 5,600 people is expected at a series of performances including the Grand Finale.

We hope that through this festival the Italian Community will be able to enjoy a yearly event of international standard.

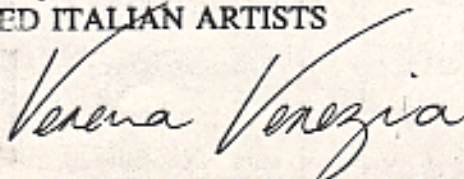

The San Remo Song Festival will also help to promote interest amongst the young Italo-Australians, to maintain their interest in the music and traditions of Italy.

All of the above can only be achieved with the help of the community, sponsors, media exposure, government representation and you.

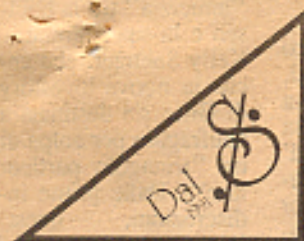

The United Italian Artists require your support in order to stage a prestigious event.

We thank you for your time and look forward to your support. If you have any enquiries please do not hesitate to contact us.

Yours faithfully
THE UNITED ITALIAN ARTISTS
