BANKSTOWN NSW 2200

Dear Mr Gustin

I write to you on the eve of my formal departure from this Ministry, to personally thank you for the co-operation and support you have given me over the last two years.

As the nations first stand alone Minister for Multicultural and Ethnic Affairs, I found the job a challenging one. Giving "whole of government" direct representation to our State's multicultural community has been an honour.

Yet making so many new, - and I hope lasting friends, has given me great personal satisfaction. I've learnt a lot and hope I've given something back to you and your community.

I look forward to maintaining regular contact and you may be assured of my continuing interest in multicultural and ethnic affairs.

I remain a great believer in multicultural Australia.

Yours sincerely

HON. MICHAEL PHOTIOS MP
