Dear Sir / Madam

I am a year twelve student who is presently studying an Italian beginners course at school. Part of the examination format of the H.S.C. for this, is that each student must complete an Italian based assignment. This assignment, must be presented this year for the H.S.C. and marked by the education department, the mark will be added to the final total mark of the exam.

I have chosen customs, festivals and traditions all over Italy. Although I'm having difficulty finding information available for use. I am therefore writing to ask you, if you could assist me please, by sending me any information on this topic.

The materials which I require would be the various customs present in Italy (of all sorts) the different festivals held on the islands and their traditions. I do require an infinite list of many things for my assignment and this is only a small sample.

Any help you could offer me would be greatly appreciated, and it would really assist me in my assignment and my final exam. Any addresses where I could write to for information would also be greatly appreciated.

To send any information please write to Miss Elizabeth Bersani
