My dear Lena :

I wanted to tell you that the Story of Mamma Lena is delightful. Not only did I enjoy helping with editing the book but, in addition, I enjoyed reading the finished product.

This recital of your busy life - from Bergamo to Bankstown - is really an inspiration.

My family and I are proud to have known you. More particularly, I feel deep pride and profound satisfaction in having helped you on to the path of achievement.

Congratulations, Carissima !

Sincerely,

Philip Geeves
