Mr. K.G. Norquay
Secretary
NSW National Coursing Association
257 BRADWAY N.S.W. 2007

Dear Mr. Norquay,

I receive regularly your "News Release" and, if any of the items are of interest to the listeners of my Italian programmes, I translate the item and announce it. I will continue to do so throughout 1980 happy to be of service to the ethnic community.

It was with interest that I noticed in your last Release dated 26th January, that an allocation of \$1000 was to be made available to placegetters towards their favourite charity. If it is practice for the Association to make periodical grants to various charities, I would like to acquaint you with the Child Care Centre which we are building at Fairfield under the name of SORELLA RADIO WELFARE FUND. Additional details and a drawing of the Centre are set out in the book "The Story of Mamma Lena" which I take the liberty of enclosing.

As you can well imagine, the building of this Centre is an enormous financial drain on the Fund but one which will be made worthwhile when it will function to assist children regardless of their nationality.

Should it not be possible to receive a cash donation from the Association, would you be prepared to consider a special race in which part of the proceeds will benefit Sorella Radio.

I thank you as of now for the consideration you will give this letter and I take this opportunity to wish you and the association every success.

Yours sincerely,

Lena Gustin (Mamma Lena)
President
