OUR REF.

16th May, 1980

TO WHOM IT MAY CONCERN

We advise that Ernest Gidaro of Wagga Wagga, New South Wales, has been a client of this office since 1951. During these 29 years we have come in contact regularly with Mr. Gidaro both in business and professionally, and we have found him to be an honest hard working man. His attitude is not only assisting other immigrants of all nationalities but Australians as well, has been first class.

He is a member of ANFE (Card Registration No. 86) Association National Family Emigrants, 163A Parramatta Road, Annandale.

He has taken many young immigrants and Australians into his home and supplied full accomodation, free of charge, and this alone has helped many young people start off in life.

During the 29 years in Wagga and Riverina district, Mr. Gidaro has worked for himself and for employers in the building trade and they all speak highly of him as a tradesman. He has been self supporting during these 29 years.

He was an active member of the fund raising committee in 1976 to help the Italian earthquake victims and received many letters of thanks for his efforts.

We might add that during these 29 years in Wagga all his help and efforts to assist those who needed help has been without charge.

We have no hesitation in recommending him to you.

Yours faithfully,

ADAMS, KENNEALLY, WHITE SERVICES PTY.
