Dear Mr. & Mrs. Gustin,

Thank you for your thoughtfulness at Christmas time. I did very much appreciate your gift and, in fact, I am still enjoying it.

I was also pleased to receive the copies of 'Arrivederci Roma'. I am continuously amazed at the range of activities in which you are both engaged in relation to the successful assimilation of Italian migrants into the community. The information contained in this magazine confirms my view that you are making a very substantial contribution to the successful assimilation of our migrant population and are contributing to a marked degree to their future happiness.

May I wish you continued success in this important work.

Yours sincerely,

And Keenan
