Cara Mamma Lena,

I am flattered by the content of your letter of 6 November last. Quite apart from the function at Wonderland last Sunday (I have not heard yet but it must have been a washout), the Forum remains a great project and a lot of work has still to be done.

Congratulations on your nomination as Patron of the Associazione Lombardi nel Mondo. You are La Mamma for everybody and for everyone who needs a word and assistance.

While I sincerely appreciate being considered an eligible recipient for the gift being prepared for me, I would prefer if this could be postponed until the New Year since Amina is unable to move due to a hip operation. It would certainly be interesting if I could bring all the family as you suggest, but that would depend on the timing in due course.
