Dear Mamma Lena,

I am writing this letter to you because I would like to take part in the "Festival in Casa".

I do not have the means to make the tape at home so I would like the opportunity to tape it at ZCH. I would like to sing the song "Pensando A Te," but I have no musical ~~an~~ arrangements or musicians to back me.

I would be available to make the tape any weekday from 9 a.m. except from 16th to 21st July as I will be having exams. I hope that I have not created too many complications and that everything works out.

Yours sincerely
Vita
